Cellular type Spare parts guide

Cellular type

Benefits

- Maximum drift capture through efficient design
- Nested seam modules
- Corrosion-free
- · Certified by Eurovent
- Light weight
- Easy to handle

We use cellular type eliminators in open cooling towers <u>PTE</u>, closed circuit cooling towers <u>FXVE</u> and refrigerant condensers <u>CXVE</u>.

Want to know more about BAC eliminators? Contact your local <u>BAC</u> representative for more information.
