

BACross fill bundles

Spare parts guide

BACross fill bundles

The patented BACross fill is designed and tested in the [BAC laboratories](#).

Benefits

- guaranteed performance
- easy to handle, lift, dismantle and rebundle
- easy core inspection: by bundle and by sheet
- easy to clean
- reduced fouling
- perfect fit: model specific size

Characteristics

- BAC patented design with maximum air and water contact
- **bundled including hang-up handle**
- integrated eliminators (Eurovent certified)
- self-extinguishing PVC material, impervious to rot and biological attack
- for temperatures up to 50°C

We use BACross fill bundles for upgrade or replacement in:

- [TXV](#)
- S3000 (previous generation)
- FXV cooler (previous generation)
- CXV condenser (previous generation)
